March 4, 2014  
St. John's, NL

ECER 2014

## Effects of Preschool on Education

**Grade Retention**  
**24%**

Special education  
savings \$5,000  
per student

**Drop out rates -18%**

**+1 yr**

**Reading Age**

@ **15**  
yr's old

Attended  
Pre-School

Effects of Preschool programs on Jobs

One job created

in  = 2.3

Pre School

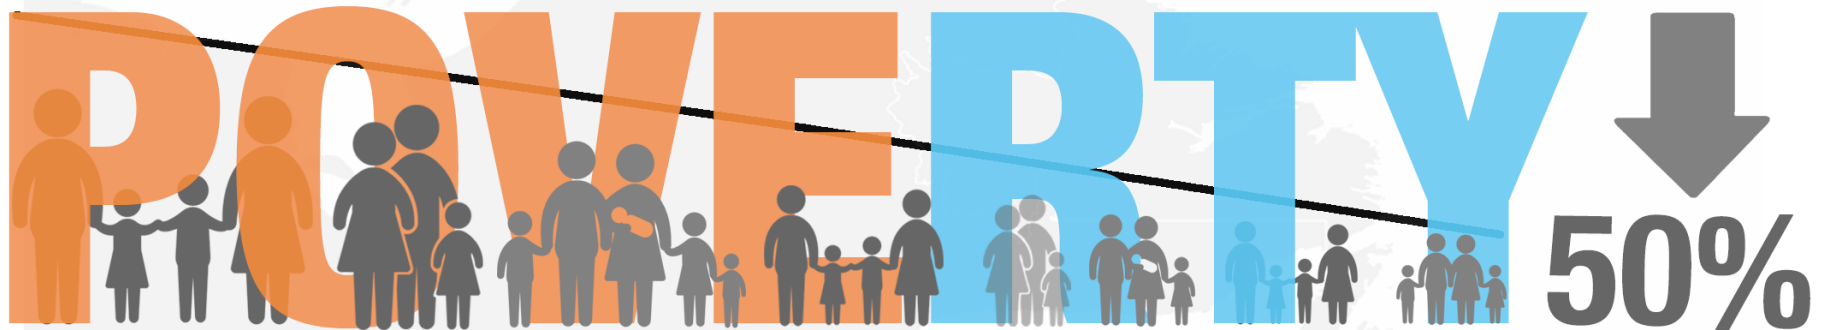

The equation shows the word "in" followed by a black silhouette of a school building with a central entrance and two side wings. Below the building is the text "Pre School". This is followed by an equals sign and the number "2.3".

Jobs created

# Preschool

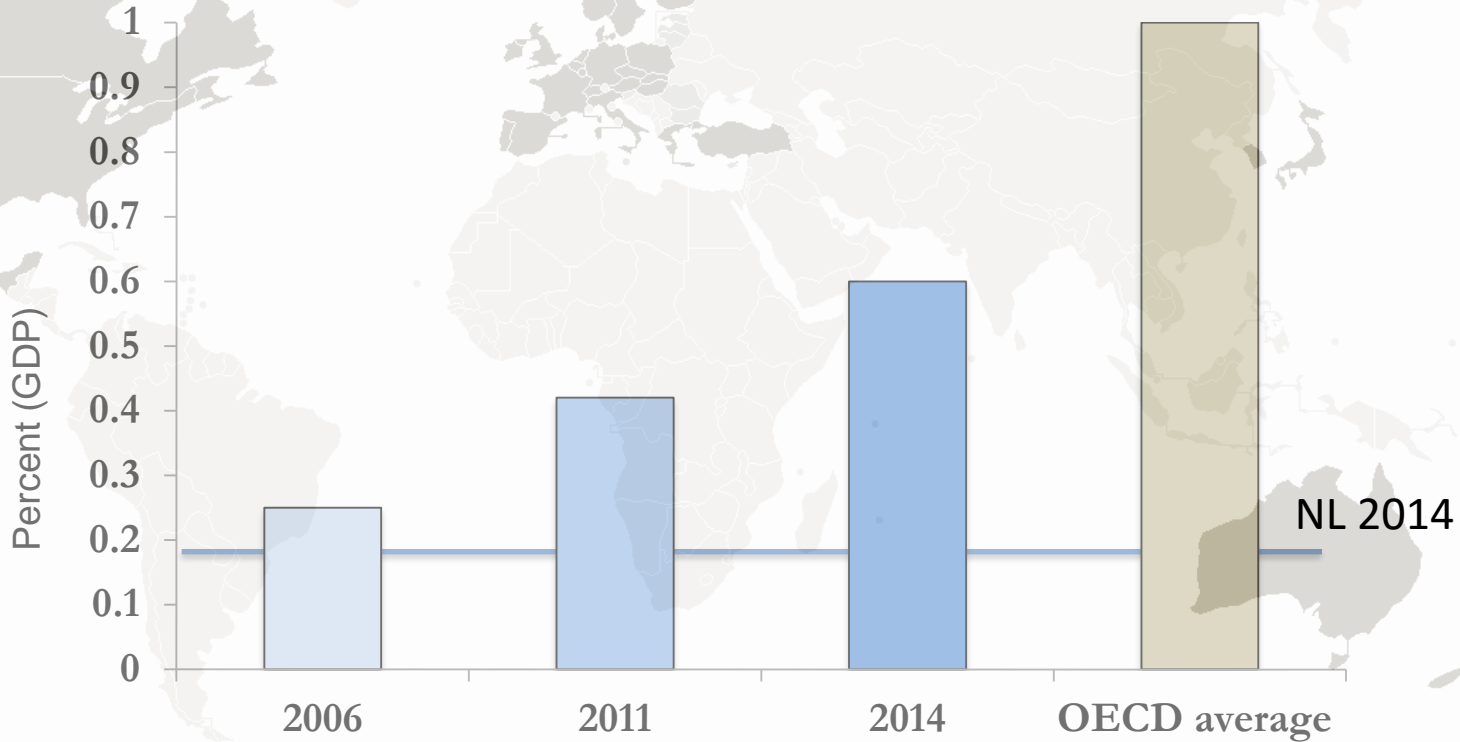

Programs Reduced

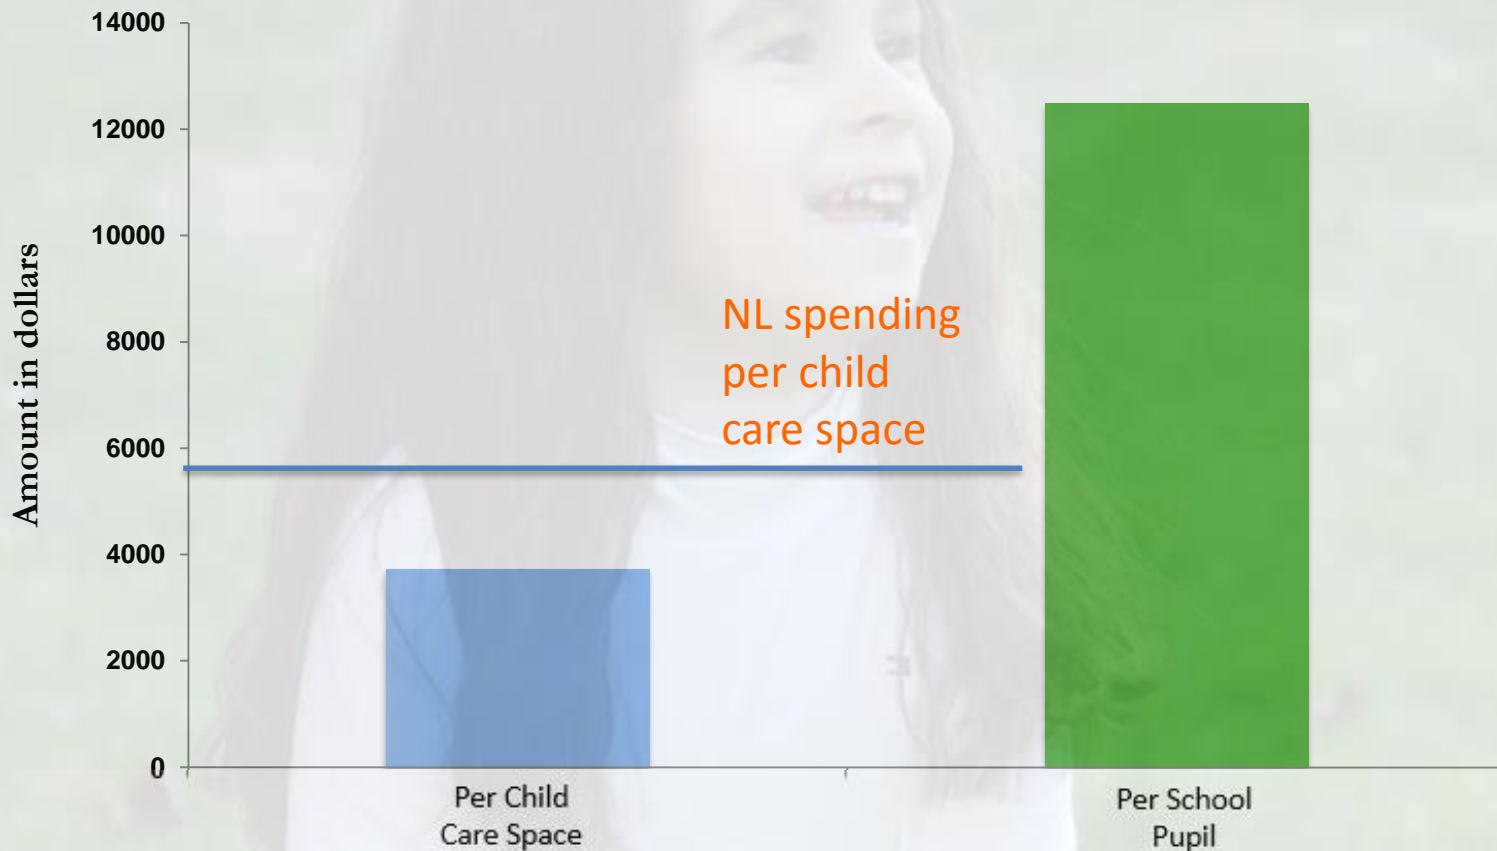

For families & Children

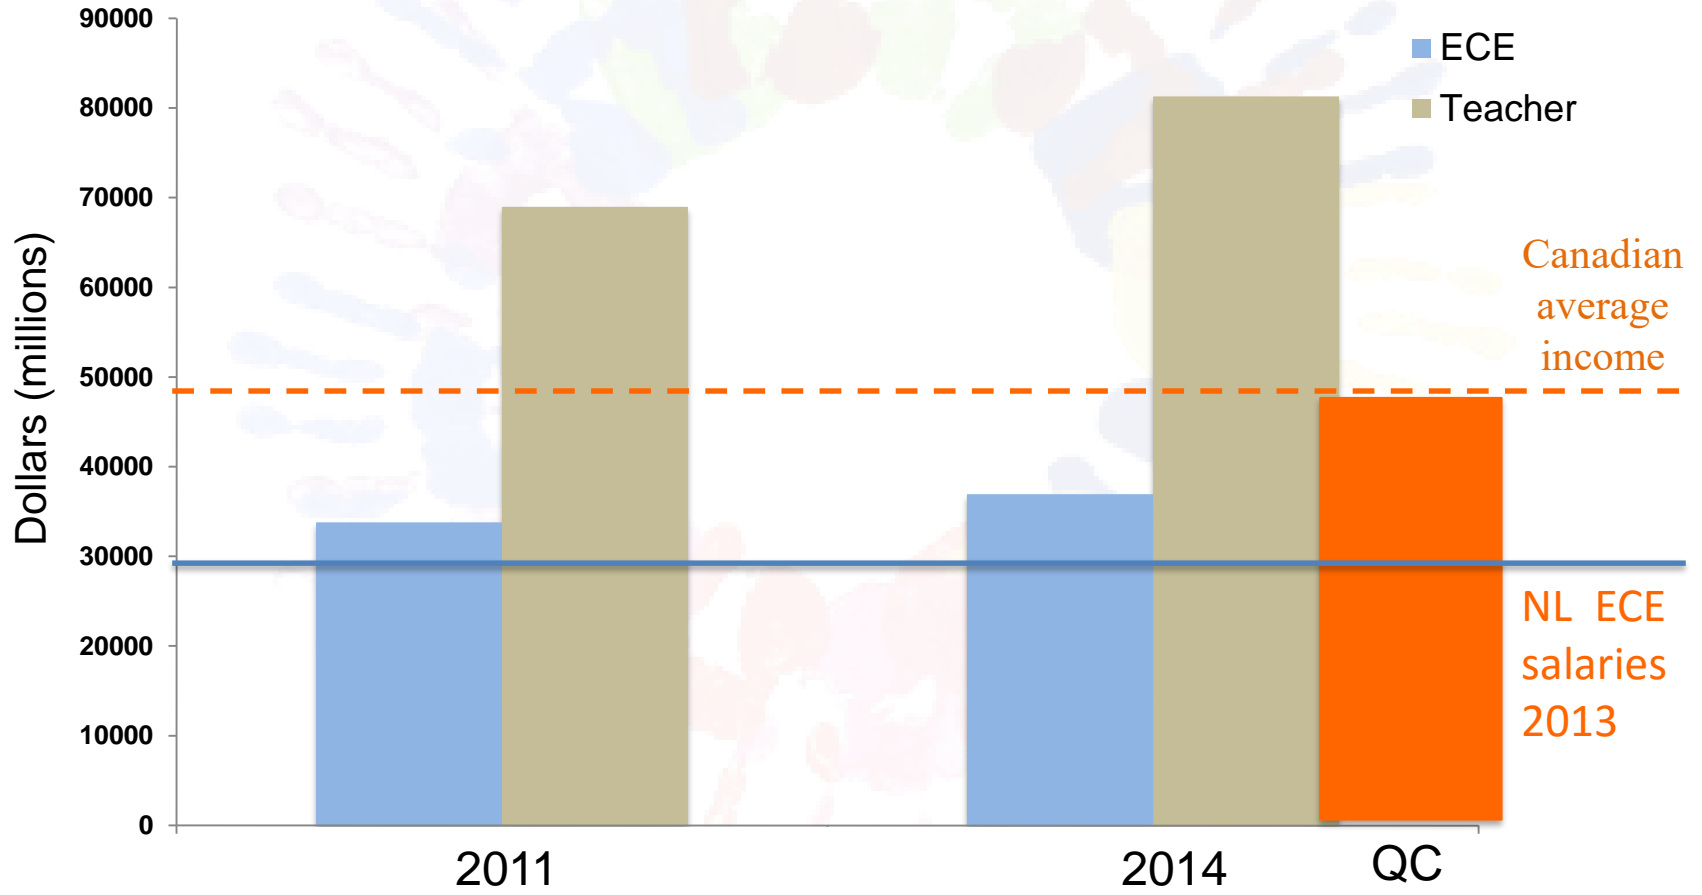

# Change in Canada ECE Spending as a Percentage of the GDP

# Operating Expenditure per Childcare Space and per Pupil in Schools (Canada)

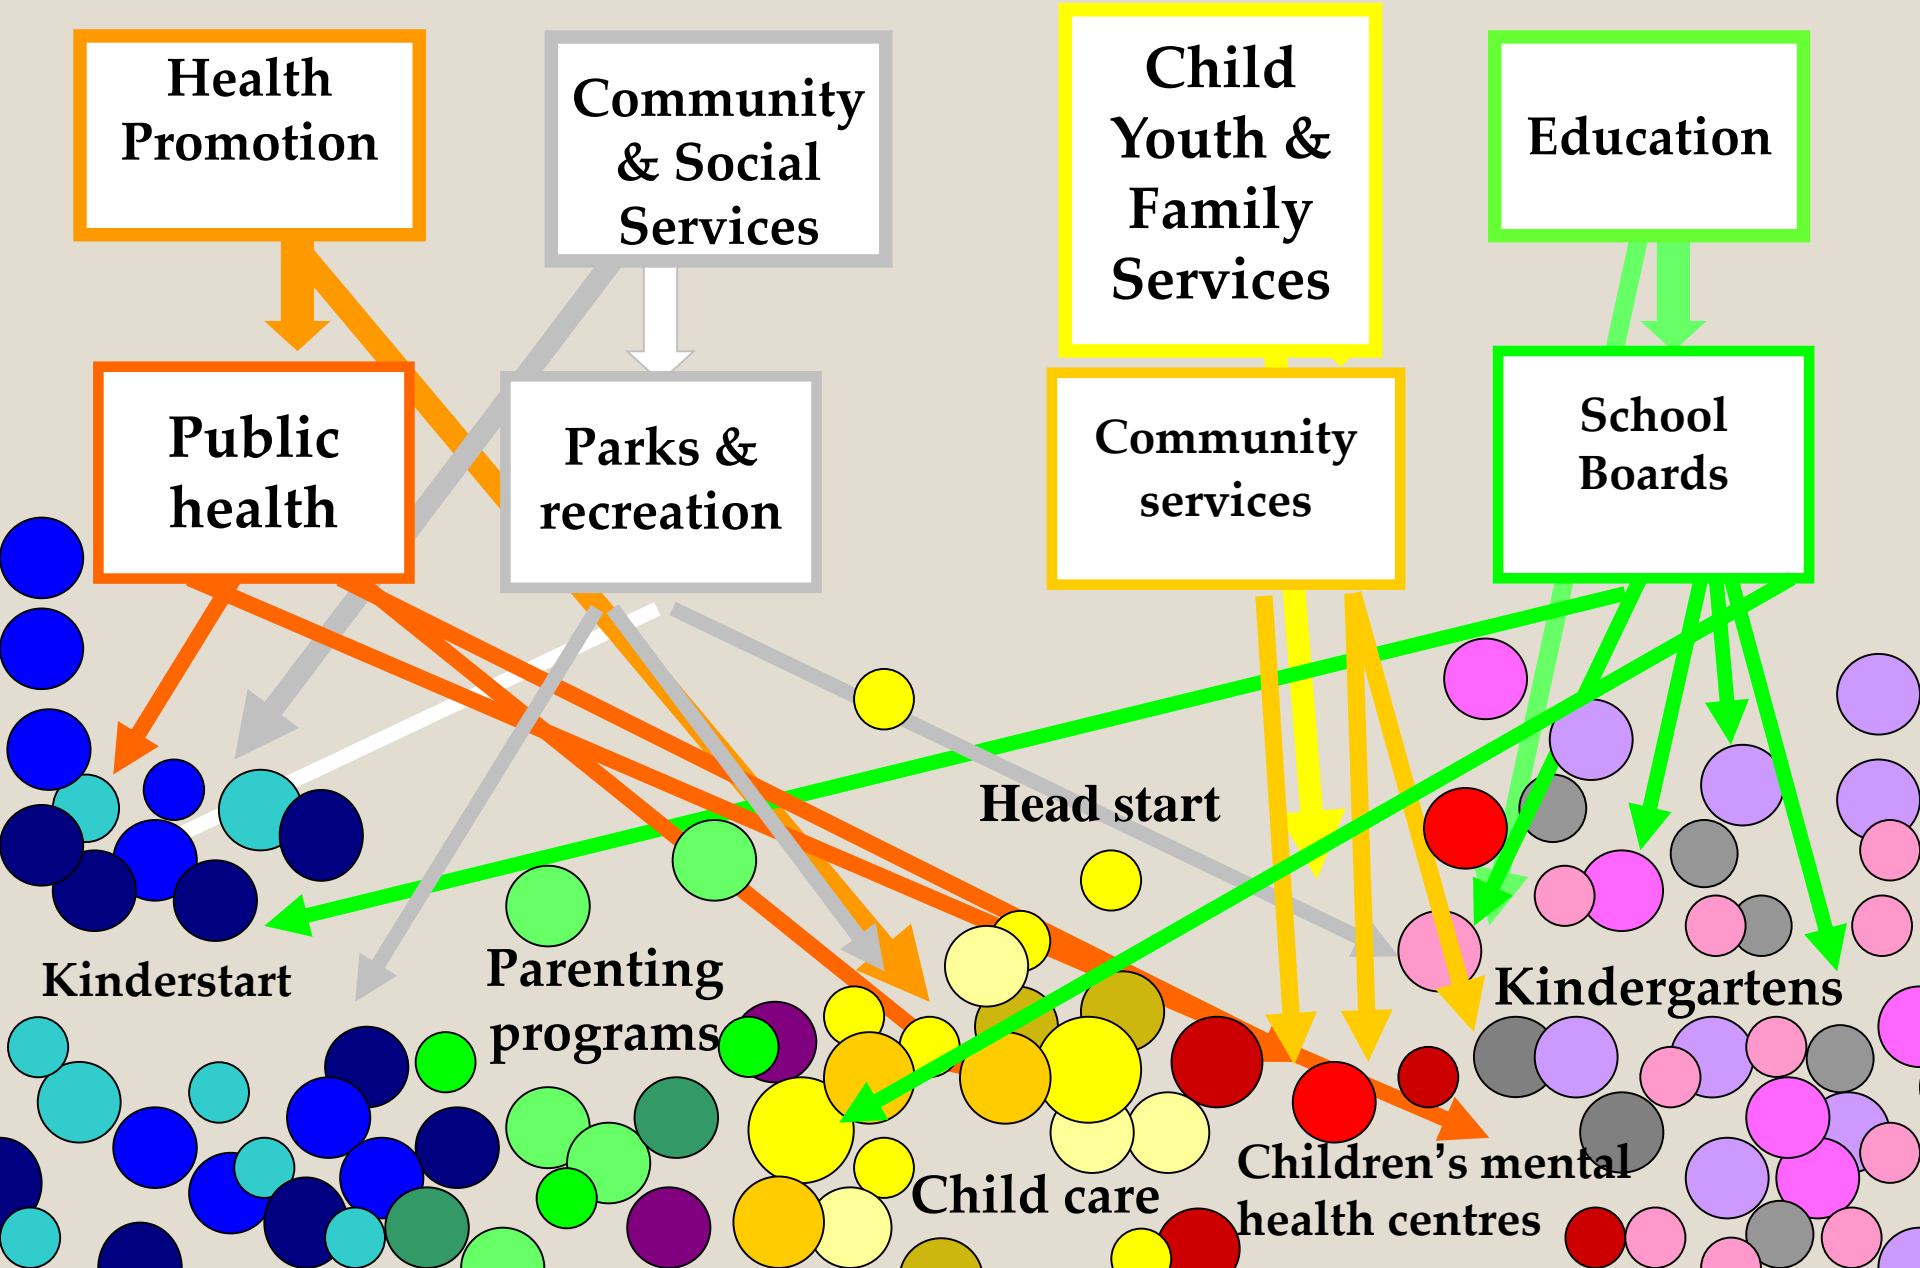

# Change in Teacher / ECE Remuneration

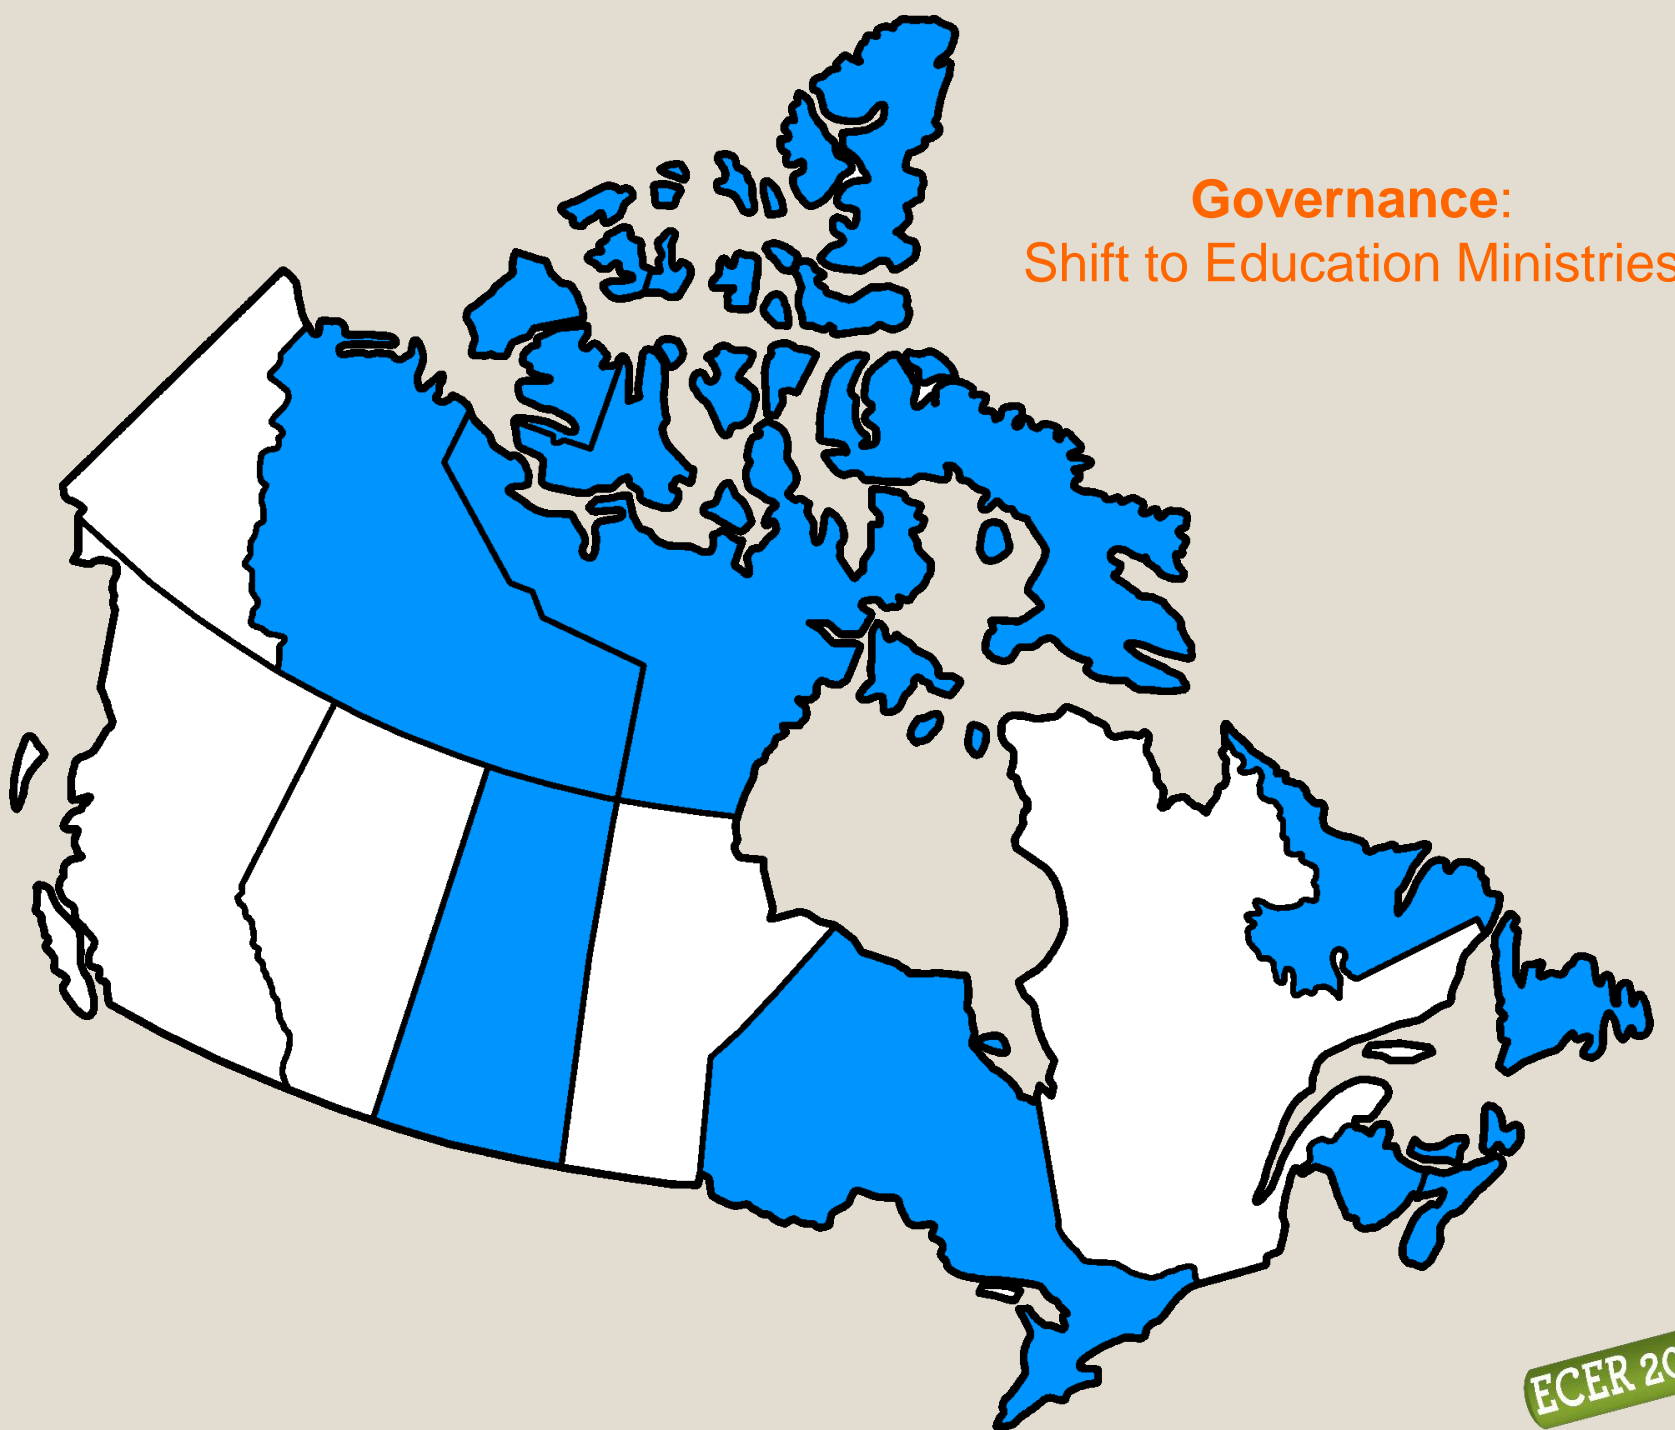

ECER 2014

# EY service chaos

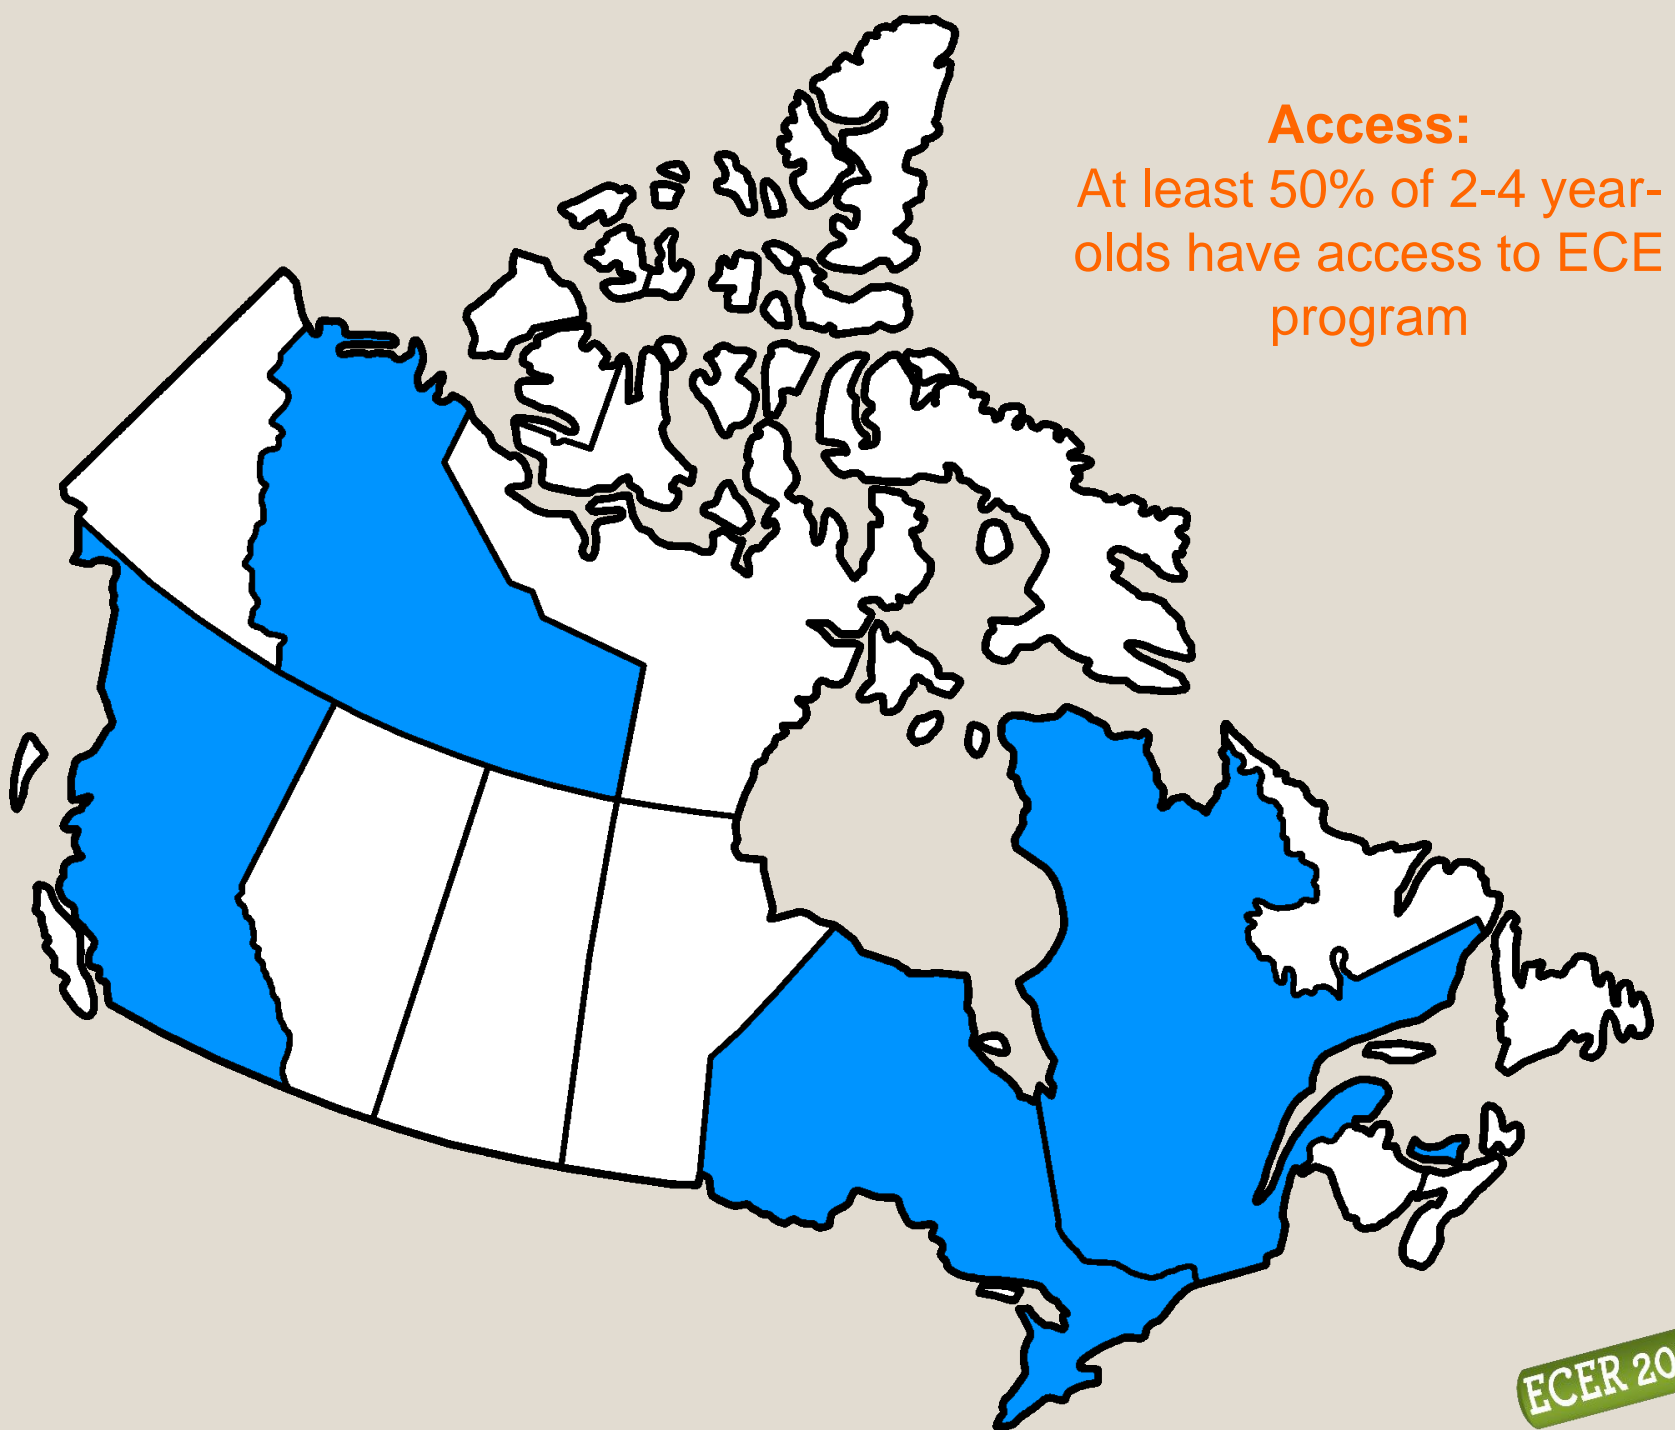

**Governance:**  
Shift to Education Ministries

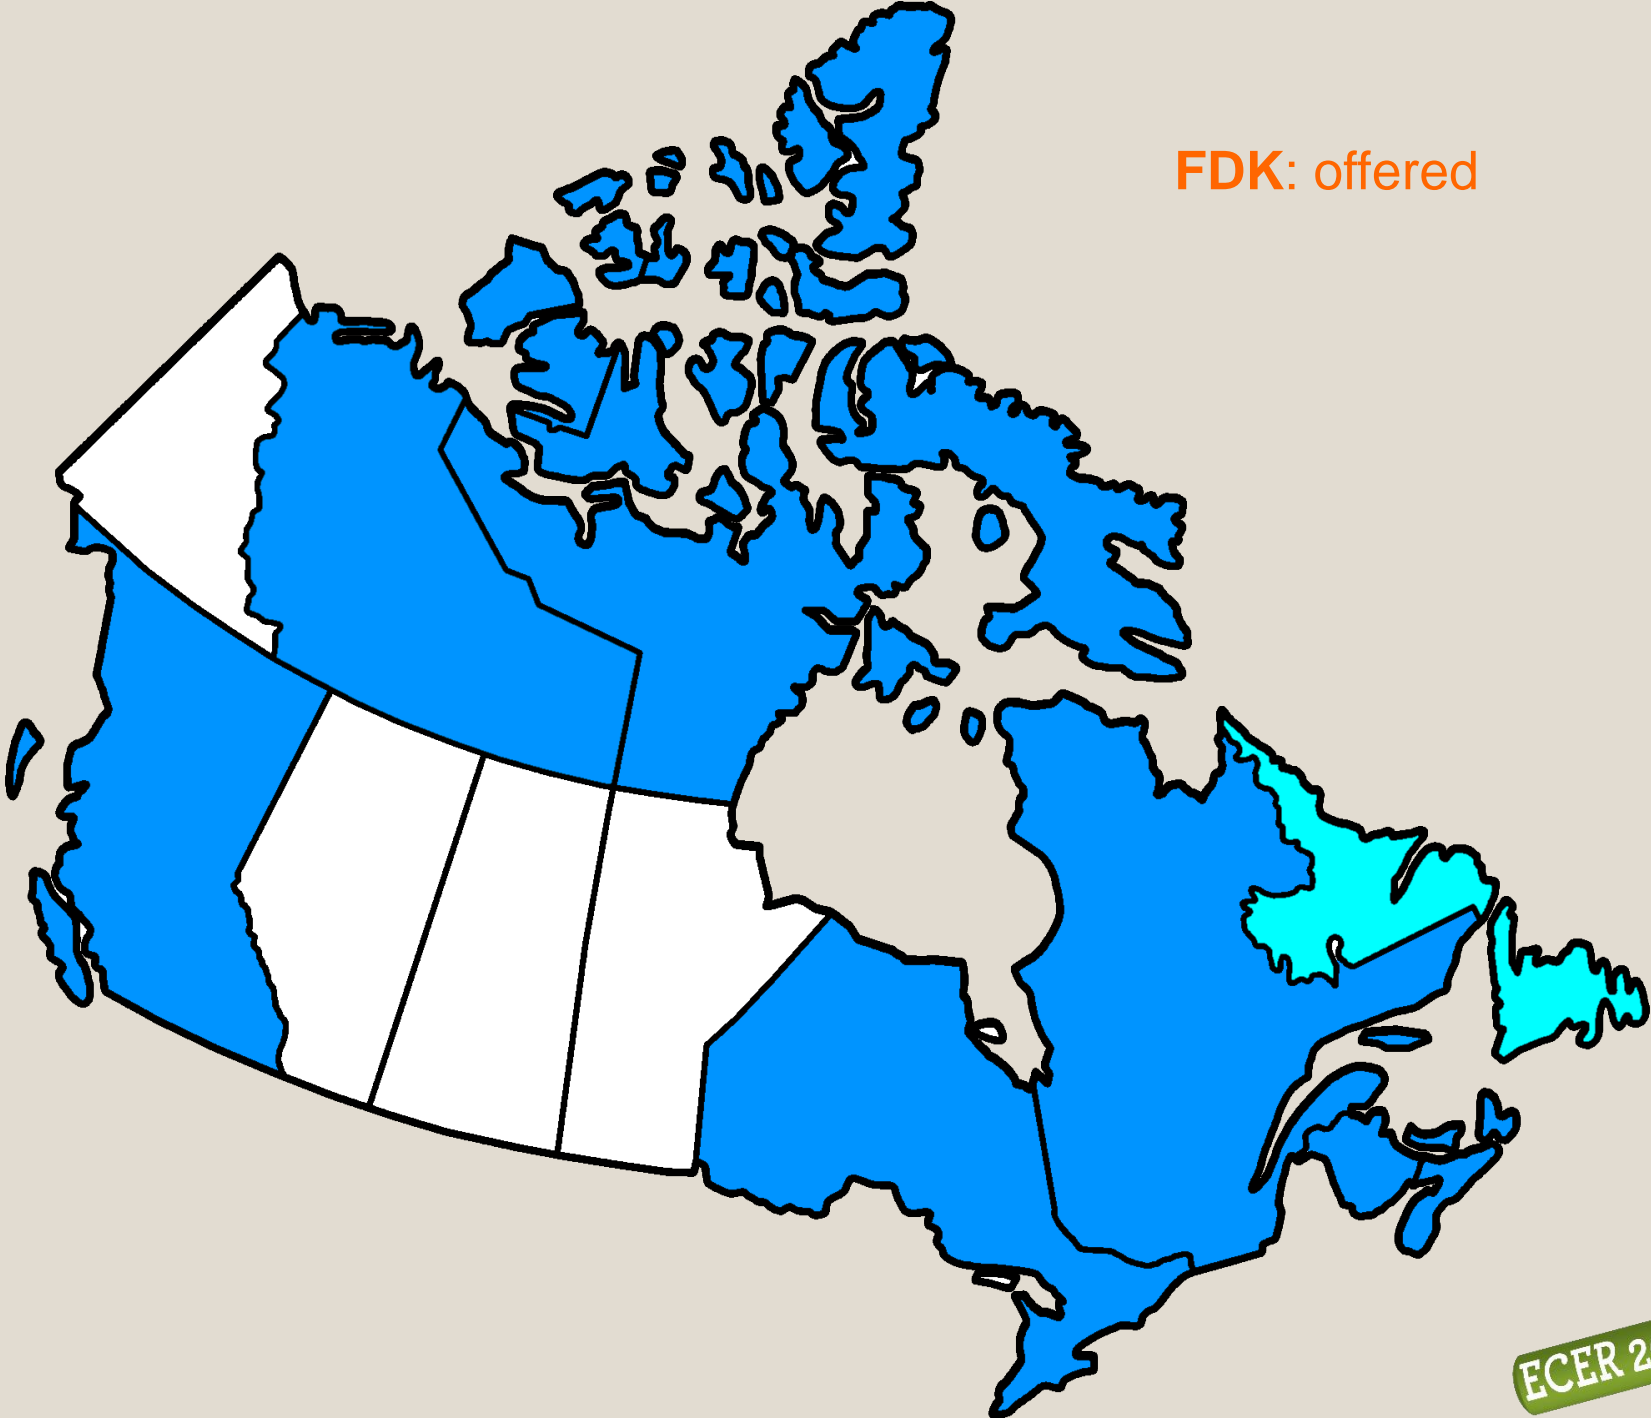

**Quality Improvement:  
Early Learning Curriculum  
Frameworks**

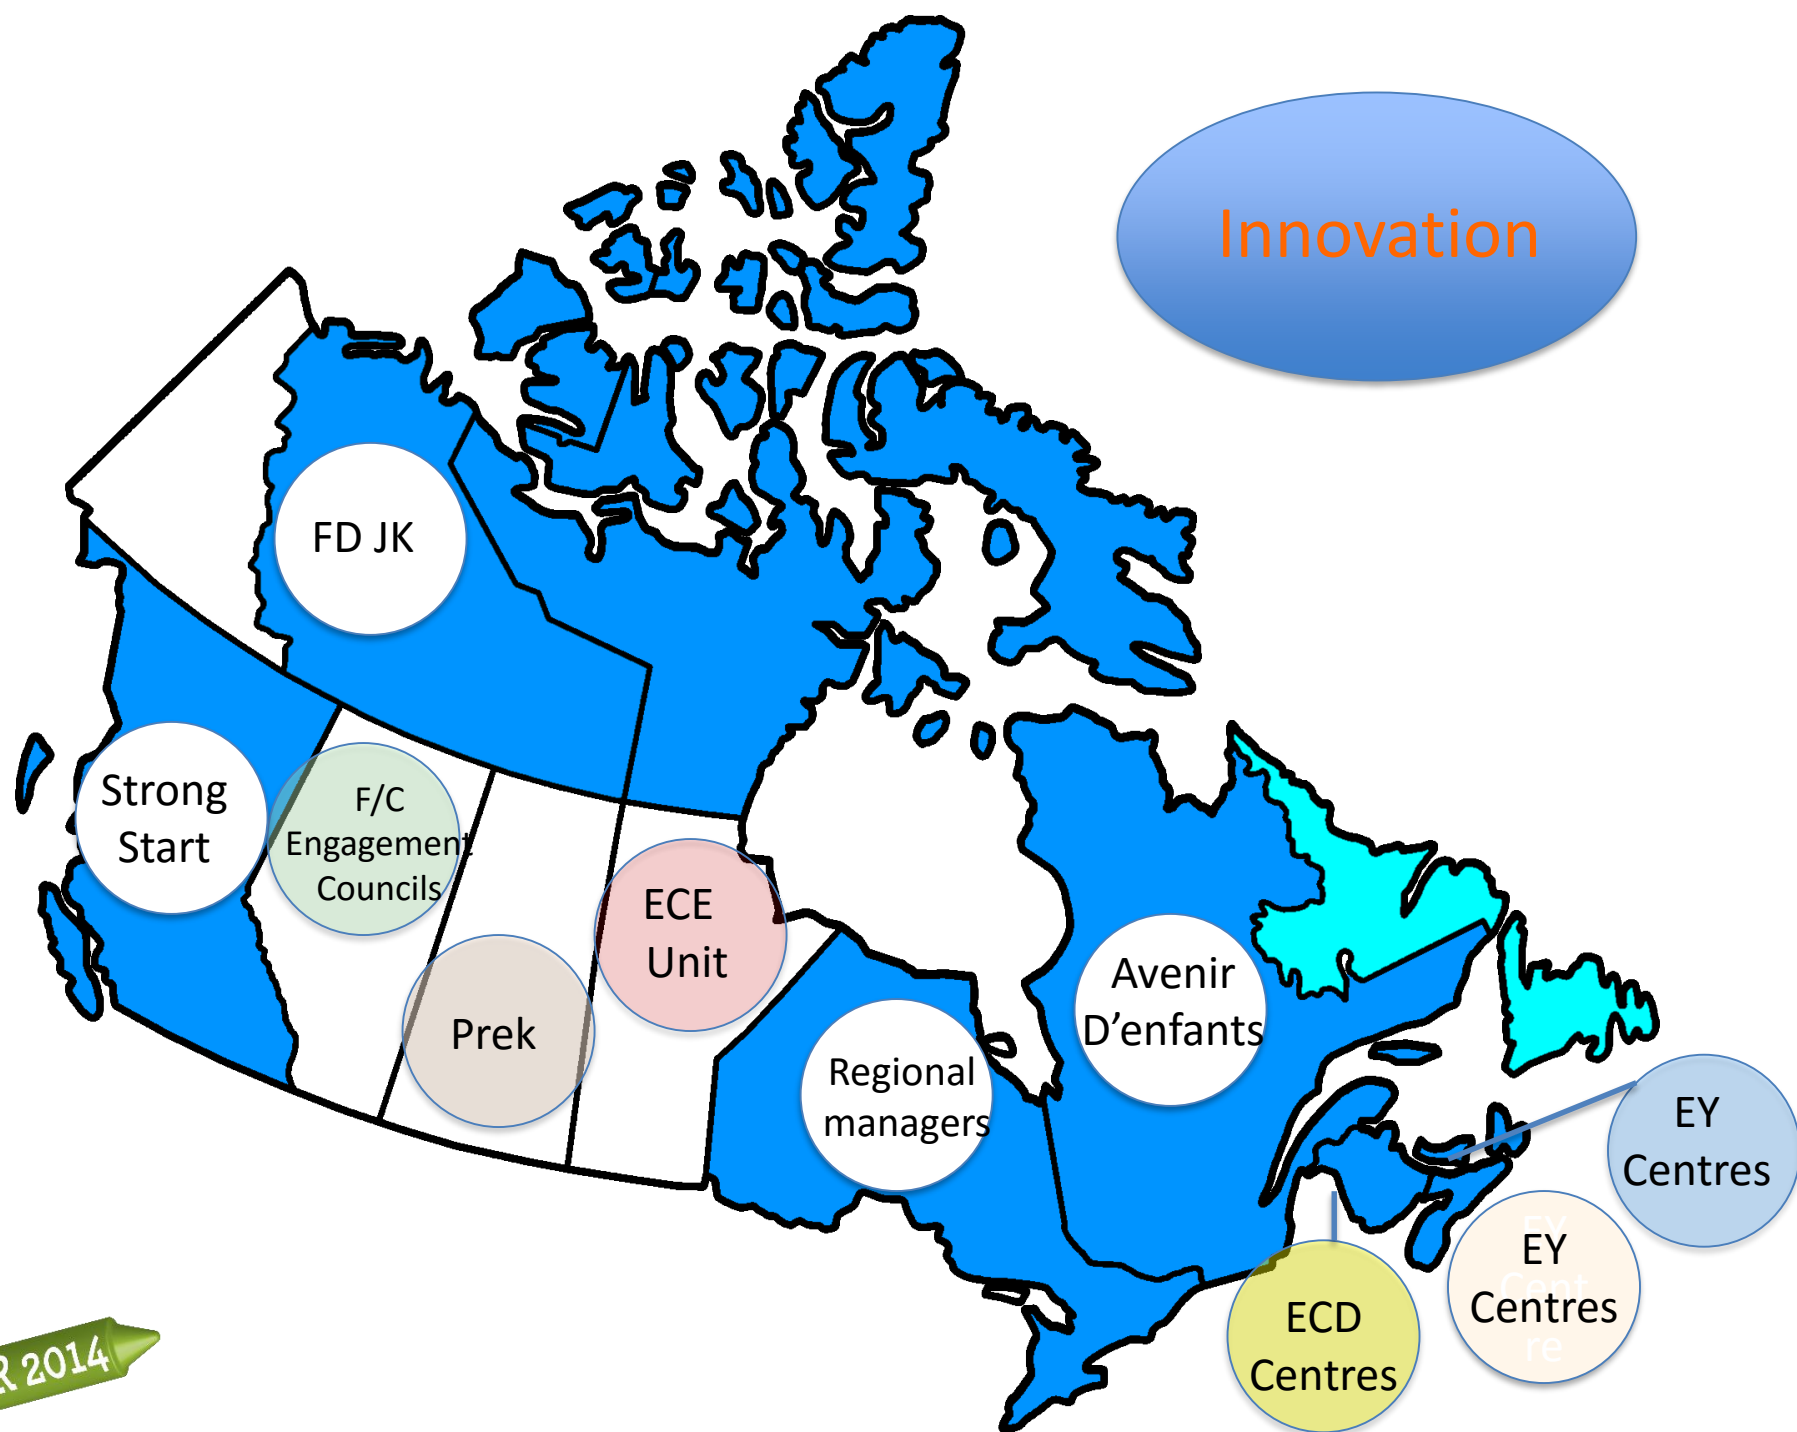

**Access:**  
At least 50% of 2-4 year-olds have access to ECE program
